DETAILS OF THE PROPOSAL

What we are proposing:

We conduct events at companies, colleges and associations to educate, register and retain potential life savers through donor registration drives. [The blood cancer and stem cell awareness drives contribute to improving the chances of numerous patients in finding a matching blood stem cell donor.](#) We propose to conduct an offline awareness session for the students of **Sir Gurudas Mahavidyalaya** during our official visit to Kolkata **in the third week of November 2022.**

During the drive: The attending members are explained about the cause, have their questions and concerns answered, and then, if they willing to register, are given registration form to fill and asked for giving their cheek swab samples.

What follows:

1. These samples will be sent for “tissue typing” to determine their HLA type, which will be matched with a patient in need.
2. [Once their tissue \(HLA\) typing is completed, they will be available on a global database to be searched as a match for patients worldwide. These donors are then available on the registry until their 61st birthday.](#)
3. During this time, If they ever get the rare opportunity to become a match for a patient, The donation is done through a safe non- invasive process, which is similar to blood platelet donation. The donor recovers from the peripheral blood stem cell donation within 1-2 days.

[Your involvement for this activity will give hope of life to countless patients of blood cancer, thalassemia and other blood disorders searching for a matching donor.](#)

To understand the procedure better, below are some video links:-

- How to become a blood stem cell donor - <https://www.youtube.com/watch?v=Elogxi3w9vI>
- The heartwarming story of a patient-donor meet post donation: - <https://www.youtube.com/watch?v=PwtRvEP10D8>

Request you for your support for the following on the drive day:

1. **Pre Drive communication:** It is important that the students are encouraged to be part of this activity, for this we request for your support in sharing an invitation to all the staff few days before the event to start the conversation around it. I will be sharing a pre event communication poster with an email template that you can forward. Kindly provide the logo of the hospital for the same.

SAMPLE CERTIFICATES

DKMS x BMST
WE DELETE BLOOD CANCER

Dear,
Dr. Suchismita Majumdar.
Coordinator - Blood Stem cell Awareness Programme.

DKMS BMST Foundation India
#723, 2nd floor
Chinmaya Mission Hospital Road
Indiranagar 1st Stage
Bangalore 560038
+91-80-68286500
info@dkms-bmst.org
dkms-bmst.org

We express our sincere thanks to *Sir Gurudas Mahavidyalaya*

for facilitating a DKMS-BMST donor drive on *22nd Nov '22*

You would be happy to know that *90* persons signed up as potential stem cell donors. Their buccal swab samples will be tested and the anonymized results (only age, sex, HLA typing) will be made available on the worldwide registries which are searched daily for patient-donor matches.

We thank all the volunteers who helped us conduct the donor drive and their sincere efforts in making the event success. We look forward to continued support from you and your organization to the cause of supporting blood cancer patients looking for matched stem cell donor.

Thanking you.

Yours sincerely,
Sayantan Datta Gupta
Mr. Sayantan Datta Gupta
Deputy General Manager – DR & FR

Certificate issued to Dr. Suchismita Majumdar, Coordinator of the programme.

BRIEF REPORT:

1. Name of the Event/Activity: blood stem cell awareness program.

The program included a seminar on the importance of blood stem cell donation to combat various blood related disorders.

The program included Buccal Swab collection for donor registration.

2. Date of the event: 22nd November, 2022

3. Venue of the event: College Campus.

4. Nature of the activity: Seminar (Awareness Program)

5. Level of the activity: State Level

6. Name of the collaborators: Sir Gurudas Mahavidyalaya and DKMS BMST Foundation India.

7. Purpose aim or objective of the event: To raise awareness about the blood related disorders and how the stem cell can save lives. Stem cell donors are required to save lives of patients with blood related disorders. The buccal swab tests shall ensure the HLA typing of the students and staff of Sir Gurudas Mahavidyalaya so that in case of future requirements if any can be addressed quickly.

Knowledge about Stem cells is very important to be provided to individuals. Taking up workshops on such topics is essential for social sensitisation and personal awareness.

8. Resource persons: Ms. Nandini Sarkar, Senior Associate, DKMS BMST Foundation, India.
Ms. Resham Ghosh, Associate, (DKMS BMST Foundation, India.

9. Beneficiaries: Students and Teachers Of Sir Gurudas Mahavidyalaya.

10. Outcome of the activity: Knowledge about stem cell and stem cell requirement was well explained to the staff members and students of Sir Gurudas Mahavidyalaya. The buccal swabs were collected for the test. The programme raised interest among the students and staff members to become donors in future.

E-certificates were provided to each and every participant.
