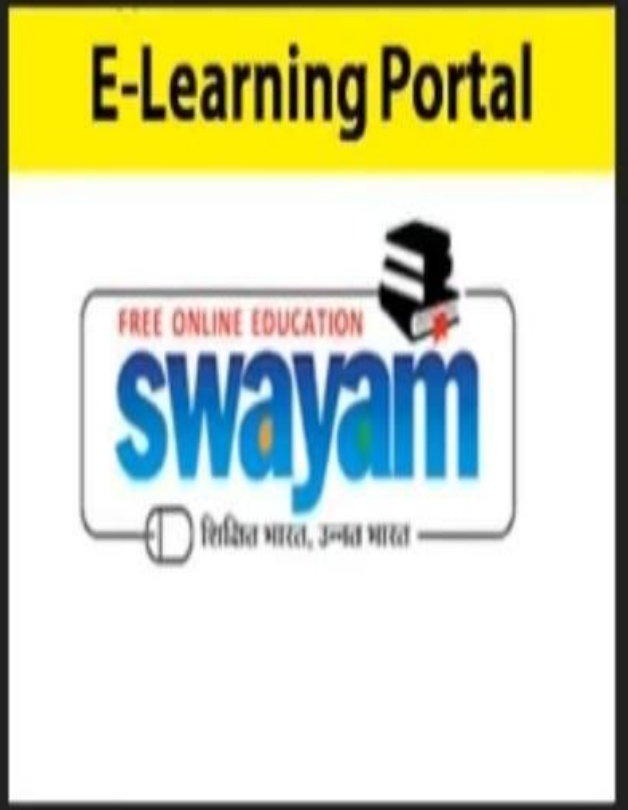
MOOC (e-content)

MOOCs have given an online platform to the take teaching-learning to a new dimension. The teaching fraternity must remain informed about the MOOCs for opening up newer scopes of learning for the students also.

SWAYAM(STUDY WEB OF ACTIVE LEARNING BY YOUNG AND ASPIRING MINDS)

Study Webs of Active-Learning for Young Aspiring Minds offers courses from Class 9 to Post Graduation with rich e-learning content in the form of e-Tutorial, Audio, Video and Virtual labs.

https://swayam.gov.in/



In order to ensure that best quality content is produced and delivered, nine National Coordinators have been appointed. They are:

1. AICTE (All India Council for Technical Education) for self-paced and international courses
2. NPTEL (National Programme on Technology Enhanced Learning) for Engineering
3. UGC (University Grants Commission) for non technical post-graduation education
4. CEC (Consortium for Educational Communication) for under-graduate education
5. NCERT (National Council of Educational Research and Training) for school education
6. NIOS (National Institute of Open Schooling) for school education
7. IGNOU (Indira Gandhi National Open University) for out-of-school students
8. IIMB (Indian Institute of Management, Bangalore) for management studies
9. NITTTR (National Institute of Technical Teachers Training and Research) for Teacher Training programme

CEC MOOCs (Massive Open Online Courses), offered on Government of India's SWAYAM platform, is a mode of learning where student can virtually attend digital higher education courses, which are developed and taught by eminent subject experts. Through SWAYAM, students can access quality enriched educational resources, participate in discussion forums, and earn academic grades by taking tests.

CEC MOOCs are based on UGC Model Curriculum and CBCS. Each CEC MOOC spans duration of 8-12 weeks approx. engaging students through video lectures, reading material, assessment components, discussion forums, e-mails & video conferencing. CEC MOOCs enrich the learning experience by using audio-video and multi-media, peer learning and state of the art pedagogy / technology. These structured and credit bearing courses for higher education are available "online" for anyone, anytime and anywhere.

CEC has developed more than 400 MOOCs, out of which 327 Courses have been offered on SWAYAM to more than 6,00,000 registered students. Additionally,

MOOCs (Massive Online Open Courses)

- **CONCEPT OF LEARN FROM ANYWHERE, ANYTIME WITH NO LIMITATIONS FOR LEARNING…**

LEARNING WITH MOOCS

- ✔ MOOCs are short online Courses where learners come together and form groups with no similar backgrounds.
- ✔ No formal assessment of learning is mandatory. MOOCs give the opportunity to enhance the learning by collaboration and peer support. Online quiz and peer assessed assignments.
- ✔ MOOCs have no end –of -course or exams that need to be passed. Generally you can enroll anytime during the course and complete at your own convinience.

National Mission on Education through ICT (NME-ICT) of the Ministry of Human Resource Development, Government of India, aims to tap the potential of ICT, in Pedagogy and learning at Higher Education level. The mission has an ambitious plan of creating an entire e-learning ecosystem by embedding technology in the teaching and learning process, providing the facility of performing experiments through virtual laboratories, on-line testing and certification, providing multimedia e-content and learning platforms. Special teachers' training programmes have also been envisaged in the Mission. Development of e-content in higher education has been an important part of the mission of which Consortium for Educational Communication (CEC) is a lead partner. Under the NME-ICT project of MHRD, CEC has developed e-content on 87 undergraduate subjects.

CEC's approach has been to develop the highest quality content for learners. Each subject has coordinators, experts in their own subjects, who have mapped the entire 3 / 4 year UG syllabus and further identified and utilized the services of the domain experts to deliver the best content possible. To make learning an engaging process, each e-content module is divided into four quadrants comprising of Text Resources, Visual Resources, Web Resources and Self-Assessment Resources. The transcription (text) of the video presented by an Instructor is also available for download in e-book form. The content has also undergone a comprehensive two-step peer preview process to make it free of any errors.

It offers digital content in 87 UG subjects as per model syllabi of UGC ; Visual, web and text based learning material ; Self-paced learning opportunity

লর বড়ো বড়ো সব খবর তুমি আমাকে শোনাবে, নইলে আমার শিক্ষা হবে কী রকম ক'রে, দাদামশায়।
বড়াবে কে বলো, তার মধ্যে যে বিস্তর রাবিশ।

তোমার মনে হবে ছোটো খবর। কিন্তু আসলে সেই খাঁটি খবর।

হ'ত, সব রাবিশই তোমার টেবিলে উঁচু করতে হত; অনেক বাজে কথা, অনেক মিথ্যে কথা, টেনে বেড়াতে হত খাতা

চালের একটা খুব বড়ো খবর দাও দেখি খুব ছোটো ক'রে, দেখি তোমার কেমন ক্ষমতা।

The Hiteshranjan Sanyal Memorial Archive is a huge collection of textual and visual materials mainly focused on colonial Bengal. Starting in 1993, the Centre for Studies in Social Sciences, Calcutta (CSSSC) has undertaken the task of microfilming and digitising a huge amount of textual sources, including all the major journals of colonial Bengal. This unique collection also extends to rare Bengali books, Assamese journals and books, as well as visual art and popular culture (such as specimens of historical Bengali advertising).

In the course of a Memorandum of Understanding between the CSSSC and the South Asia Institute at Heidelberg University, the textual part of this collection is from now on going to be made available on CrossAsia-Repository . This is hoped to be a significant step towards facilitating access to these materials and thereby stimulating further research.

The digitalised books are arranged by year of publication:

- Early Bengali Books (1800-1850)
- Early Bengali Books (1851-1900)
- Early Bengali Books (1901-1950)
