This is a work of fiction. Names, characters, places and incidents are either  
the product of the author's imagination or are used fictitiously and any  
resemblance to any actual person, living or dead, events or locales  
is entirely coincidental.

ISBN 9780143333630

Typeset in Sabon by Manipal Digital Systems  
Printed at Thomson Press India Ltd, New Delhi

This book is sold subject to the condition that it shall not, by way of trade  
or otherwise, be lent, resold, hired out, or otherwise circulated without the  
publisher's prior consent in any form of binding or cover other than that in  
which it is published and without a similar condition including this condition  
being imposed on the subsequent purchaser.

## ISBN NUMBER

An ISBN, or International Standard Book Number, is **a unique number that is assigned to every published book**. An ISBN identifies a book's edition, publisher, and physical properties like trim size, page count, and binding type. An ISBN allows retailers, libraries, and distributors to efficiently search for books.

# ISBN NUMBER

barcode on the book. **All books published after January 1, 2007, must display the number in the new 13-digit format, which is referred to as ISBN-13.** Older 10 digit numbers may be converted to 13 digits with the [free ISBN conversion tool](#). The last digit of the ISBN number is always a MOD 11 checksum character, represented as numbers 0 through 10. When the check character is equal to 10, the Roman numeral X is used to keep the same amount of digits in the number. Therefore, the ISBN of 0-9767736-6-X is actually 0-9767736-6 with a check digit of 10. The ISBN check digit is never encoded in the barcode.

# THANK YOU

Let's explore more terminologies..
